ABSTRACT

Designed as a standarized source of institutional data for planning, this factbook provides statistics on faculty and staff, enrollments, and programs and courses for the Milwaukee Area Technical College (MATC) for 1983-84 and for previous years. The report presents: (1) institutional data on MATC class sizes, square footage, and room categories; (2) faculty/staff data, including information on age, district employment trends between 1973 and 1983, sex and ethnic background; (3) full-time equivalent (FTE) enrollment data; (4) follow-up data on local high school graduates from 1972 to 1982; (5) MATC student data for 1982-83; (6) information on district enrollments in associate degree and college-parallel programs by day and evening enrollment, instructional division, ethnic group, sex, residence, high school attended, and region; (7) enrollment data for the South Campus Center, North Campus Center, Milwaukee Campus, and West Campus Center; and (8) information on the district population, including percent of minorities in the district and percent enrolled at MATC, population estimates, and population projections. Highlighted findings include an increase in annual FTE's between 1981-82 and 1982-83 of 6%, a decrease in first-semester evening headcount enrollment, an increase in minority enrollments, and an increase in the median age of MATC full-time faculty. MATC FACT BOOK

This document is a natural evolution of the MATC Planning Book. It contains all of the information previously contained in the Planning Book plus additional information concerning faculty, staff, and facilities. It is meant to be a standardized source of institutional data.

The FTE section of this Fact Book contains annual FTEs for the 1982-83 school year. All other student information is for the first semester of the 1983-84 school year.

Wherever possible, the data for this year is presented in tables containing information from previous years. This enables the reader to note any trends. Graphs are also included in this Fact Book to help the reader indicate trends.

HIGHLIGHTS

An analysis of the statistics presented in this Fact Book shows the following:

1. First semester day headcount enrollment increased from 16,665 in 1982-83 to 17,132 in 1983-84. The student reporting procedure was changed in 1983-84 to include day enrollment at the Whitefish Bay, Shorewood, and Wauwatosa Regional Centers as part of the evening enrollment. This change removed 1,101 students from the 17,132 day headcount enrollment and placed them in the evening enrollment. All of the tables in this Fact Book will report the adjusted (17,132 - 1,101) day headcount enrollment of 16,031.

2. First semester evening headcount enrollment decreased from 26,073 in 1982-83 to 23,787 in 1983-84. The adjusted (23,787 + 1,101) evening headcount enrollment of 24,888 will be reported in the tables in this Fact Book. (See comment under number 1.) The decrease in evening headcount enrollment is due to a decrease in Avocational enrollment.

3. Total day and evening first semester headcount enrollment has decreased from 42,738 in 1982-83 to 40,919 in 1983-84 after a steady increase over the previous four years. This decrease is accounted for by a decrease in Avocational enrollment.

4. The annual FTEs for 1982-83 increased 6% over 1981-82 to an all-time high of 14,034. This is 16.7% higher than the 1978-79 low of 12,022.

5. Associate Degree headcount enrollments in the fall of 1983 are at a high of 14,621 which is an increase of nearly 4,600 over the last five years.

6. College Parallel fall day and evening total headcount enrollments have increased to 2,370 after three years of stabilized enrollment around 1,900.

7. First semester day headcount enrollment at the South Campus increased from 1,770 in 1982-83 to 1,976 in 1983-84.

8. First semester evening headcount enrollment at the South Campus decreased from 3,860 in 1982-83 to 3,499 in 1983-84.

9. First semester day headcount enrollment at the North Campus decreased from 1,168 in 1982-83 to 1,085 in 1983-84. The 1982-83 North Campus day headcount enrollment reported in this Fact Book includes 89 students from the Whitefish Bay Center (1,168 + 89 = 1,257). (See comment under number 1.)

10. First semester evening headcount enrollment at the North Campus increased from 1,945 in 1982-83 to 1,961 in 1983-84.

11. First semester day headcount enrollment at the Milwaukee Campus increased from 10,898 in 1982-83 to 11,288 in 1983-84.

12. First semester evening headcount enrollment at the Milwaukee Campus decreased from 8,005 in 1982-83 to 7,795 in 1983-84.

13. First semester day and evening combined headcount enrollment at the West Campus has decreased from 4,189 in 1982-83 to 3,921 in 1983-84.

14. Changes in enrollment over the last five years have been primarily due to large increases in Associate Degree students.

15. A change in the course numbering and state codes of Apprentice-level coures resulted in large decreases in the Apprentice category. In the past, non-Apprentice students enrolled in Apprentice courses were included in the Apprentice category inflating the Apprentice statistics. This coding procedure occurred primarily in the Evening. These non-Apprentice students are now coded and counted in the Diploma or Occupational Adult categories.

16. The fall 1983 district enrollment at MATC still remains predominantly female with 53.77% during the day and 63.82% in the evening.

17. MATC's first semester 1983 day headcount enrollment is 21.74% Black, 2.24% Hispanic, 2.87% Asian, and 1.2% Native American. All categories of ethnic minority enrollments are increasing during the day.

18. MATC's fall evening headcount enrollment is 7.74% Black, 1.81% Hispanic, 1.32% Asian, and 0.44% Native American. Ethnic minority evening enrollments have been stable.

19. The average class size has increased from 16.70 during the first semester of 1978-79 to a high of 19.74 during the first semester of 1982-83. It has decreased slightly to 19.64 during the first semester of 1983-84.

20. The median age of the MATC full-time faculty has increased from 46 to 47 over the last year.

CP = College Parallel
AD = Associate Degree Post Secondary
VOC = Vocational
VA = Vocational Adult
CS = Community Service (Non-aidable)

FTE CALCULATIONS

1. Associate Degree and College Parallel

   30 credits = 1 annual Full-Time Equivalent (FTE)

2. Vocational

   36 Potential Hours of Instruction (PHI) = 1 credit

   30 credits = 1 FTE

   36 PHI x 30 = 1,080 PHI = 1 annual FTE

   Included in this category: Developmental (VIP only); Short-Term Full-Time Programs; One- and Two-Year Vocational Diploma Programs; Adult High School; CETA; and Apprentice.

3. Vocational Adult

   40 PHI = 1 credit

   30 credits = 1 FTE

   40 PHI x 30 = 1,200 PHI = 1 annual FTE

   Included in this category: Adult Basic Education; General Adult; General Adult Exempt from Tuition - Basic Education, English as a Second Language, Group Dynamics, Eighth Grade Completion, GED; Homemaking (Occupational); and Occupational Adult.

4. Community Service

   40 PHI = 1 credit

   30 credits = 1 FTE

   40 PHI x 30 = 1,200 PHI = 1 annual FTE

   Included in this category: Nonaidable Conferences, Seminars, Institutes, Workshops; Cooperative Services (outside agency paying for services; Contract Service Nonaidable); Driver Education Theory; Driver Education Behind-the-Wheel; Adult Avocational (Nonaidable); Family Living (Nonfee, Nonaidable); and High School Contract.

AN ALTERNATE METHOD FOR CALCULATING FTEs

The FTE information on the preceding pages is for State VTAE reporting purposes. This information is appropriate for comparing FTEs within the VTAE System.

When comparing MATC's FTEs with FTEs for other colleges and universities, it may be appropriate to use an alternate method of calculating FTEs. The Wisconsin Association of Collegiate Registrars and Admissions Officers computes FTEs by the following definitions:

> FTE = number classified as full time plus one-third of the number classified as part time.
>
> Undergraduate Full Time: Carrying 12 or more semester hours.

If we use MATC's Semester 1, 1983-84 statistics to determine the alternate FTE calculation, we get the following:

Full Time	7,669
Part Time	8,362
Evening	24,888
Total Part Time	33,250

$$\text{FTE} = 7{,}669 + \frac{33{,}250}{3} = 18{,}598 \text{ (Unofficial)}$$

NUMBER AND PERCENT OF FTEs ACCEPTED BY STATE CODE

1980-81 TO 1982-83

State Code		1980-81		1981-82		1982-83

NOTE: About 5% of the district school population drops out of school each year. This amounts to more than 1,000 high school dropouts each year, and in some years as many as 2,000.

*Number of Milwaukee Public High School graduates is estimated based on 10% decrease of students each year by class. Enrollment in Fall of 1983 was as follows: Seniors, 5,167; Juniors, 5,821; Sophomores, 7,062; Freshmen, 7,586.
